
LeanVeyor 18"

Machine Serial Number 6205

Available in December 2022

Process:

- Wash, Rinse, Blow-Off (All Heated Stages)

Footprint & Process Elevation:

- 90" Long, 60" Wide, 54" High, 39" Conveyor Height

Construction:

- Stainless Steel (Tanks, Housing, Piping, Filters)

Common Features:

- Gusher Pumps
- Removable Spray Bars w/Solution Flow Control Valves
- Spray Nozzles (360° Spray Delivery)
- Pump Protection Screens
- Electric Tank Heat
- Dosatron Chemical Injection System
- Chip Baskets (Removable In Tank Design)
- Bag Filtration w/Pressure Switch
- Tanks Access Doors
- Automatic Water Make-Up
- Fully Insulated
- Sliding housing doors for access to all stages
- Blow-Off Fan (Centrifugal)
- Electric Blow-Off Heat
- Flanged Exhaust Connection (Power Exhaust Options Available)
- Heavy Duty Wire Belt Conveyor – 18" Wide
- Variable Speed Conveyor Drive
- Machine Mounted Panel w/Flanged Disconnect & 3 Color Stack Light
- Siemens PLC & HMI w/Comprehensive Control & Monitoring Screen Package
- High / Low Temperature Process Monitoring
- 7 Day Timer (Solution Tank Pre-Heating)
- Five (5) emergency stop pushbuttons.
- Part High Limit Photo Eye (Auto Conveyor Control Safety)
- Dual color (Gray & Light Blue) Powder Coated Finish
